

La Florentine Rules and Regulations

JURISDICTION & AUTHORITIES

The rules and regulations contained herein are issued by the Board of Directors as authorized by the governing documents of the *La Florentine at Renaissance- La Jolla Association* and the *Renaissance Master Project Association* and supersede any and all other rules and regulations.

These rules and regulation are intended as a guide to the conduct and activities of all members, lessees, residents, and their guests. Each owner or resident living within the project and using the facilities is entitled to do so at their pleasure without annoyance or interference from others.

The Association falls under the jurisdiction of the City of San Diego and all ordinances and codes apply.

COMPLIANCE AND REPORTING OF VIOLATIONS

1. All Owners, residents, and guests are required to abide by all established rules. Anyone refusing to abide by these rules may face corrective action and/or disciplinary action by the Board of Directors. The Owner is responsible for all acts of their family members, tenants, guests, invitees, contractors, and occupants of their units and for their compliance with the Governing Documents including these Rules and Regulations.
2. The Property Management Company, acting for the Association, has been instructed by the Board of Directors to require the compliance of persons on the *La Florentine* property with the provisions of the Rules and Regulations, By Laws, and CC&Rs. If there is a violation thereof, the Property Management Company has been instructed to do any or all of the following:
 - A. Obtain names and addresses of violators and report the violation to the Board of Directors.
 - B. Call upon an appropriate law enforcement agency for assistance.
 - C. In cases involving minors, make every reasonable effort to contact the responsible person immediately prior to taking action called for in (B) above.
3. Reporting Violations of Rules and Regulations:
 - A. It is the right and duty of each Owner or resident to report violations in writing to the Management Company.
 - B. Notice of observed violations will be brought to the attention the responsible Owner and / or resident allegedly in violation, in writing, by the Property Management Company.
 - C. The Management Company has been authorized by the Board to issue letters of warning and issue fines when reasonable evidence establishes the existence of a violation.

RULES ENFORCEMENT POLICY

The Association and / or any owner has the right to enforce the Associations Governing Documents including the *First Restated Declaration of Covenants, Conditions and Restrictions* (CC&Rs) and the *Rules and Regulations*, including any amendments or restatements of such documents. This right includes requesting that the violator cease the offending action, taking legal action against the violator, and making a complaint with the Board of Directors.

Owners may report violations to the Management Company or Board of Directors by submitting a written notice describing the violation. The Board of Directors, Management Company or a committee appointed by the Board may also note any violations discovered during walk-throughs or by personal knowledge of any of its members or representatives. Once the Owner gives the Board a written complaint that a rule has been violated, the Board will investigate the allegation and upon receiving reasonable evidence, may take action against the Owner responsible for the conduct, including, but not limited to, fining, imposing a Reimbursement Assessment, suspending the Owner's right to use recreational facilities, and / or instituting legal action. However, nothing in the Governing Documents or California Law obligates or requires the Board of Directors to take any action against an Owner. The Board, in making this decision, will determine the costs and benefits of taking such action.

Owners are responsible for the conduct of their family members, tenants, guests, invitees, contractors, and occupants of their units.

As of January 1, 2020, members voting rights can no longer be suspended (Civil Code 5105(g)(1): a ballot cannot be denied to a member for any reason other than not being a member at the time when the ballots are distributed.

Other Key Elements of the Rules Enforcement Policy:

A. DUE PROCESS

Prior to the imposition of any fine, Reimbursement Assessment or suspension of rights, the homeowner shall be given notice and an opportunity to appear in person or in writing before the Board of Directors or appropriate committee. The notice shall provide the date, time and place of the hearing, the nature of the alleged violation and a statement that the Owner has a right to attend the hearing and present information. Said notice shall be transmitted by Individual Delivery not less than ten (10) days prior to the hearing which may be scheduled concurrent with any regular or special meeting of the Board. (Civ. Code §4040(a)(1) & (Civ. Code § 4040(a) (1)

The Owner has the right to attend the hearing and to address the Board in person. Alternatively, the Owner may submit a response in writing. In the event that the Board determines to take disciplinary action after the violation hearing, the Board shall provide the Owner with written notice of its decision and the discipline to be imposed within fifteen (15) days of the hearing. Failure to respond to the violation notice may be considered an admission of the violation by the Owner.

Provided the foregoing notice has been delivered to the Owner, any decision by the Board to impose discipline is binding on the Owner notwithstanding the Owner's failure to appear at the hearing.

B. ENFORCEMENT GUIDELINES AND FINE SCHEDULE:

Generally, though not always, the Association will adhere to the following schedule:

1. First Offense: A first notice to correct the violation will be sent by the Management Company. This notice will contain a description of the violation and instructions regarding response to the notice and correction of the violation. Other disciplinary action may be taken including a possible fine not to exceed \$250, Reimbursement Assessment to reimburse the Association for costs incurred in compelling compliance, or suspension of rights to use recreational facilities.

In the second notice, the Owner will be notified that legal counsel may be contracted if the violation is not corrected and all costs incurred will be assessed to the Owner's Association account. Other disciplinary action may be taken including imposition of a fine not to exceed \$250, imposition of Reimbursement Assessment to reimburse the Association for costs to compel compliance, suspension of use of the recreational facilities, instituting Internal Dispute Resolution and / or Alternative Dispute Resolution or filing a lawsuit.
3. VEHICLE USE AND PARKING

The following parking regulations and rules for vehicle operation are adopted for the benefit of those living in and visiting La Florentine. They have been adopted to ensure safety, adequate parking, and a quiet and enjoyable living environment. Violation of these rules and regulations by owners, residents, renters, or guests may result in enforcement remedies including but not limited to ticketing and towing at the vehicle's owner's expense without notice.

Vehicle Speed:

Vehicle speed on the premises of La Florentine is limited to a maximum of 10 miles per hour. Drivers should be aware that pedestrians and children are present.

Resident Parking Limitations:

Except for vehicles that have been issued permits in accordance with these Rules resident's vehicles must be parked in garages. The parking of vehicles on driveways, driveway aprons, in fire lanes and / or other specially designated areas constitutes a safety hazard and is not permitted. Vehicles parked in these areas will be towed without notice at the owner's expense. Garage doors should be kept in the closed position except when entering, leaving, loading and unloading.

Residents with More than Two Vehicles:

If a resident has a third vehicle in regular use and wishes to park that third vehicle in an outside La Florentine parking space, an application must be made for a special parking permit. That special permit will allow the third vehicle to park in any of the outside parking spaces not marked as "Guest Parking" on a first-come first-served basis. To qualify for a permit, an applicant must provide the following as evidence of need and proof of residency in the La Florentine community for each of the three vehicles owned and in regular use: 1) A current copy of the Department of Motor Vehicle registration; 2) A current copy of each resident-operator's driver's license; 3) Proof of residence at La Florentine; 4) Photo of the interior of the garage showing two of the three resident-owned vehicles parked in it. Additionally, the Association has the right, after providing reasonable notice to the applying Owner or resident, to

inspect the garage to confirm compliance with this provision. Once the application is submitted, the Management Company will review it and issue the special permit. The special permit is vehicle specific and numbered. It must be placed on the dash and available for the patrol to view. No name or address will appear on the special permit. There are no fees for this special permit. The permit will be valid from January 1st to December 31st and all permits expire at midnight December 31st and must be renewed annually.

All vehicles parked in parking spaces under the third-car special permitting system must be in normal, regular, and frequent use. Permitted third-vehicles may not be left in a parking space for more than four consecutive days (96 hours) without being moved and used in a normal and regular fashion will result in the Owner being sent a warning letter. Permitted third-vehicles left in a parking space for more than (7) consecutive days without being moved and used in a normal fashion will subject the Owner to a fine and subject the vehicle to towing at the vehicle's owner's expense. Moving a vehicle for an hour or so and re-parking it to avoid complying with this regular-use requirement is not permitted. In special situations such as extended vacations, the number of consecutive days without moving the vehicle may be extended beyond five days upon advanced written request to the Management Company. Permits may be cancelled at any time without notice if the Board of Directors determines that cancellation is in the best interests of the Association.

Limits of Resident and Owner Overnight Parking:

Overnight parking in spaces outside of garages without a third-car parking permit is limited to a total of three nights in any given calendar month. Residents and Owners may select any three nights during the calendar month. The nights do not accumulate. The privilege re-sets to three nights on the first day of each month regardless of usage the previous month. Violations of the three-night may result in warning letters, fines, and towing at the vehicle's Owner's expense. The three-night limit will be monitored and enforced by La Florentine security.

Guest Parking:

A number of parking spaces have green painted curbs with white lettering that reads "GUEST PARKING ONLY". These spaces are reserved for visitors and guests only. They are not for use by residents, owners, or vendors. Guest vehicles must not block the street or lanes in a way that would obstruct the access of police, fire or other emergency vehicles. Guests may not park on driveways, driveway aprons or in any other specially designated areas such as red zones marked by red painted curbs.

Residents and owners are responsible for their guest's compliance with all vehicle and parking regulations. Guests may park, without a special permit, in any green-marked guest-parking stall for up to three days (72 hours) within any given month. Guests staying longer than three days (72 hours) must obtain a temporary guest parking permit from the Management Company. To obtain a permit please have the unit owner call 760-481-7444. Guest's long-term parking permits will be specified by number only, not by name or address. Permits must be prominently displayed and will be in effect for a maximum of thirty (30) days.

Quick Mail Pick-up Parking:

Curbs at mailbox stands are painted green and marked with the lettering TEN MIN PARKING and are to be used only when picking up mail. These parking zones cannot be used for any other purpose and must otherwise be kept clear for U.S. mail delivery trucks.

Special Vehicle Parking Prohibition:

Parking Between the White Parking-Stall Lines:

All vehicles must be parked between the white parking-stall lines. Vehicles may not be parked on or straddle the lines as this decreases the number of spaces available and creates inconvenience to others.

Washing Vehicles Parked on La Florentine Property:

Washing of resident vehicles is permitted so long as all laws and ordinances regarding washing are followed. Washing of vehicles other than resident's own is not permitted. Vehicles being washed may not be parked so as to block or obstruct the flow of traffic through La Florentine.

Vehicles parked in violation of the rules and regulations in this section may be towed at any time without notice and at the owner's expense.

VACATING UNITS DURING REQUIRED SERVICING

There will be very rare occasions when a unit must be vacated for critical servicing, pest control, or major construction. If and when these extremely rare circumstances occur, the Board may, in its discretion require a unit or units to be vacated for a few days. The most common of these occurrences is tenting a building for termite extermination. Vacating a unit will only be required to prevent or repair very severe extremely high-cost damage to buildings or units. Residents will be provided prior notice of the dates that the work will be performed which requires residents to vacate their units (e.g. fumigation). NOISE CONTROL & QUIET ENJOYMENT OF LA FLORENTINE

All La Florentine owners, residents, renters, guests and visitors have the right to the quiet enjoyment in their living spaces and in the Common Areas. Noise can be a problem any time, particularly during the summer months when windows are open. Nothing shall be done that interferes with the quiet enjoyment of other occupants. In an effort to ensure this quiet enjoyment for everyone in La Florentine, the Board has promulgated the following rules and regulations.

1. Radios, televisions, musical instruments, party activities, and other noise sources (including barking dogs, car horns, and extended warm-up of car engines) must be restricted at all times to a level that does not disturb other residents.
2. The use of power tools is prohibited prior to 7:00AM and after 7:00PM.
3. Roller blading, roller-skating, skateboarding, ball playing, tree climbing (except for professional tree cutters), and playing with any wheel-based toy or wheel-based vehicle is prohibited outside of the patio area.
4. Bicycle riding is permitted only for entering and exiting the property.

CONTROLLING AGAINST DAMAGE BY PESTS

Taking measures to protect buildings and landscaping from damage by pests such as termites, rodents, and other invasive species is periodically necessary to prevent expensive repair and reconstruction costs to the Association and its unit owners. The Association, through the Board, the Management Company, and professional service companies, contracts for the ongoing services of pest control providers in order to minimize damage by pests.

On rare occasion, pest protection measures require that a particular building or buildings be tented for termites. Tenting is a three-day to four-day process of fumigation using materials and chemicals approved by the Federal EPA and State of California Environmental Protection Agency. Tenting is done only after a professional assessment for termites has resulted in finding reasonable evidence that an infestation is present in a building. Termite assessments are done only by companies licensed by the State of California.

The Board is aware that tenting is a hardship on the residents of the building being tented and endeavours to minimize the inconvenience, in so far as is possible. The following procedures govern the tenting process:

1. Tenting requires that residents leave their units during the tenting process, therefore, residents will be without the normal conveniences of living at home.
2. Arrangements must be made for living away from the unit during tenting days.
3. Residents will need to take a few pre-tenting precautions such as covering plants and bagging food and medicines. The tenting company will advise as to what preparations to make.
4. When tenting is required and scheduled, the residents of the building will be notified, in writing, thirty days in advance of the first tenting day.
5. Tenting will not be scheduled on any secular or religious holiday.
6. Unit owners will have the opportunity to share their thoughts, concerns, and needs regarding the tenting prior to the tenting start date.
7. The Board may, in its discretion, reschedule tenting dates under compelling circumstances.

On these rare occasions when tenting is necessary, the Board asks that the affected residents work with the Board to get the tenting completed as quickly as possible and thereby protect the Association against building damage and considerable re-construction costs.
